Streetscape

- Help reduce the “heat island” effect

Streetscape

- Efficient use of natural resources
- Reduce maintenance costs

Streetscape

- Contribute to walkability
- Increase sales
- Increase property values

Urban Forest Initiative

1. Double the average tree canopy coverage to 20% by 2035
2. Work with existing partners and develop new partnerships in order to ensure that urban forestry remains a priority for the City and the Southern Nevada region
3. Prepare an Urban Forestry Management Plan
